Family Law

**STAR PLAYER:** Board certified and a fellow in the prestigious American Academy of Matrimonial Lawyers, Diana Friedman was recently named one of the top family law lawyers in Texas. On a never-ending pursuit to score the game-winning goal for her clients, Diana Friedman has 13 years of experience handling complex family law cases. Friedman is known for her fair and swift handling of difficult divorce proceedings, complex property cases, child custody issues, and prenuptial and post-nuptial agreements.

**POWER PLAY:** An avid Dallas Stars hockey fan, Friedman, goes on the offensive and fights for her clients with the same passion and grit to win that her favorite players display on the ice. A go-getter since childhood, she completed high school a year early and graduated from college at age 20. She made partner at her first job out of law school in just five years and has headed her own law firm since 2001. Whether in mediation or inside the courtroom, Friedman's tenacious drive to protect her clients, their children, and their assets is admired by both peers and clients.

**A LOVE OF THE GAME:** "I feel honored to practice in a field where what I do matters in people's lives. I enjoy helping people through the process of divorce, which is one of the most traumatic things people can go through. I work hard for my clients because they place a tremendous amount of trust in me to handle their problems and shape their future. I do everything I can to achieve the results my clients not only want, but deserve."

**DISTINCTIONS AND MEMBERSHIPS:** Texas Monthly Super Lawyer (2003); Family Law Council State Bar of Texas; State Bar Mentoring Program
